Statement of Intent

In pursuance of its duties it is the Policy of the Craffthub Community Interest Company that they will ensure compliance with:

a) The Environmental Protection Act 1990 and all other domestic legislation concerned with the protection of natural resources and the external environment and all regulations enacted thereunder.

b) Other relevant enactments arising from European Community directives.
And as far as reasonably practicable provide for:

a) Protection of the environment at/or affected by our work sites and activities having taken into account project and client's requirements.

b) Conservation of natural resource materials, energy and the use of recyclable materials taking into account project and client's requirements.

To achieve this The Craffthub will:

- ✓ Provide systems and monitoring procedures which meet the requirements of the policy.
- ✓ Ensure the provision of advisory, communications and training facilities as required.
- ✓ Encourage the training of the workforce in current methods, practice and awareness of the need for environmental protection.
- ✓ Conduct regular internal audits of the systems and monitoring procedures.

aim to:

- Keep abreast of and comply with, environmental legislation, regulations and guidance relevant to company activities
- Make efficient use of materials and resources in the planning of work
- Reduce environmental impacts to the local community by the adoption of reasonable controls preventing air, ground, water and noise contamination and by keeping sites tidy.
- Conserve energy wherever possible and make use of opportunities to minimise waste and recycle materials
- Train employees promoting environmental awareness and commitment
- Communicate with our neighbours to ensure work causes minimum disturbance
- Ensure that our suppliers are aware of our policy and encourage them to apply similar environmental standards
